

Armor Knee Brace by Don Joy

Description

The new Armor FourcePoint delivers an indestructible shield of proven protection and uncompromised strength giving athletes the confidence to go all out, guaranteed. Indestructible Protection!

Athletes involved with contact and extreme sports demand a knee brace that provides uncompromised strength with a shield of injury protection allowing them to go all out.

The NEW Armor FourcePoint fits their profile. The steel reinforced hinge plate delivers additional strength while the low profile FourcePoint hinge and internally mounted straps promotes bilateral use that won't impede performance. Armor FourcePoint provides healthcare professionals the strongest prefabricated solution to protect athletes who dare to challenge their own boundaries.

Ideal applications include:

- Patient Activity Level, Contact / extreme sports
- Highly active lifestyles
